Spelling Better for Teachers

Spelling Bee Score Sheet (Elimination Rounds)

Scorekeepers, judges and spelling bee organizers

How to use this sheet

1. Before the bee, write each speller's number and name in the first table.
2. After each word, mark ✓ for a correct spelling or ✗ for a misspelling in that round's column.
3. When a speller is out, shade or cross through the rest of their row so you do not call them again.
4. Use the Notes column in the second table for ties, challenges or anything the judges need to remember.
5. At the end, write the final places at the bottom of the sheet.
